

A play-based learning environment allows children to explore, create, and develop new skills while having fun.

## Our Philosophy

Novi Co-Op Preschool activities are skillfully designed to help each child develop at his or her own pace in a nurturing atmosphere. Imaginative art projects are offered daily to improve fine motor skills. Climbers, sensory tables, dramatic play centers, small groups, and many other learning tools are implemented in the classroom. Our outdoor playground offers children time for exercise and play in all types of weather. Teacher-directed circle time gives children a chance to enjoy group stories, rhymes, poems, songs, and games.

**Our program fosters these developmental areas necessary for kindergarten readiness:**

- Fine and Gross Motor Skills
- Language and Literacy
- Math and Science
- Social Skills
- Creativity
- Social Studies
