

# Our Teachers

## Carrie Cadicamo

Ms. Carrie has a BA Degree in Child Psychology and Political Science from U of M and brings over 30 years of teaching experience to Novi Co-Op. Carrie is excited to offer a multi-age learning environment, having taught it previously at Gretchen's House in Ann Arbor. She has been a co-op parent with all three of her children, two of whom attended Novi Co-Op. Carrie offers a calm, loving, and warm environment in which children thrive.

## Kristen Forsyth

Ms. Kristen previously taught our Parent/Tot classes and now joins us in the Multi-Age classroom. She has her Bachelor's Degree in Early Childhood Education from Central Michigan University. She has been Head Infant/Toddler Teacher and Program Director for Gretchen's House learning Center in Ann Arbor. Kristen is a mom to three children of her own, as well as a foster mom. Kristen helps children bridge the gap between home and school with her playful, compassionate teaching and engaging style.

Play-based  
Kindergarten  
readiness program  
for ages 2-5

A play-based learning environment allows children to explore, create, and develop new skills while having fun.

## Our Philosophy

Novi Co-Op Preschool activities are skillfully designed to help each child develop at his or her own pace in a nurturing atmosphere. Imaginative art projects are offered daily to improve fine motor skills. Climbers, sensory tables, dramatic play centers, small groups, and many other learning tools are implemented in the classroom. Our outdoor playground offers children time for exercise and play in all types of weather. Teacher-directed circle time gives children a chance to enjoy group stories, rhymes, poems, songs, and games.

**Our program fosters these developmental areas necessary for kindergarten readiness:**

Fine and Gross Motor Skills  
Language and Literacy  
Math and Science  
Social Skills  
Creativity  
Social Studies

## Co-Op?

What's in it for me?

- Opportunity to participate in your child's growth and development: either in the classroom, enriching the experience and easing the transition or through school support.
- Receive support and education regarding parenting skills and strategies for dealing with typical preschool behavior.
- Join a community of other parents who value an active involvement in their child's education.
- Friendships formed during the preschool years can last a lifetime for both parent and child.
- Children receive the nurturing warmth of the presence of parents in the classroom.

## Benefits of a Multi-Age Class

- A multi-age classroom becomes an extension of the family
- Provides opportunities for younger children to learn from the older children
- Provides opportunities for older children to master their learning as they teach and model to the younger students.
- Independence and confidence especially soar in this atmosphere.
